Education

University of Oklahoma 2024–2029 (Expected)
Ph.D. in Economics

University of Oklahoma 2024–2026
M.A. in Economics

Tribhuvan University 2020–2023
M.A. in Economics

Kathmandu University 2017–2019
MBA (Master of Business Administration)

Tribhuvan University 2012–2016
BBA (Bachelor of Business Administration)

Research Interests

Development Economics, Environmental Economics, Climate Economics

Working Papers

Rainfall Shocks, Male Migration, and Women's Labor Allocation in Nepal (2026)

Works in Progress

ENSO-Driven Winter Climate Variation and Earnings Outcomes in the United States
Examines how ENSO-driven winter temperature variation affects the distribution of earnings in the U.S., shifting the focus from aggregate climate impacts to within-country labor market distributional effects.

Air Pollution and Educational Attainment: Evidence from Thermal Inversions in Nepal
This study examines whether adolescent exposure to ambient $PM_{2.5}$ reduces secondary school completion in Nepal, combining DHS data with satellite-derived pollution measures and using thermal inversions as an instrumental variable to assess causal effects.

Seminar & Conference Presentations

- 2026 University of Oklahoma- Oklahoma State University Ph.D. Economics Conference (May)

Teaching Experience

Teaching Assistant 2024–, University of Oklahoma

- ECON 3133: Intermediate Macroeconomic Theory — Fall 2024, Spring 2025
